NEW YORK 'CHANGE BUSINESS

Depression of Thursday Overcome
Late in the Day Yesterday.Good Increase in Almost the Entire
List—Indiana Polls Wheat Lower
and Trading Dull.At New York, yesterday, money on call
was easy at 3/4 per cent, the last loan
offered at 3/4.

Prime mercantile paper was 8 1/2 per cent.

Sterling exchange was steady, with
actual business in bankers' bills at \$1.84
@ 4.25 for sixty days and \$1.80 @ 4.25 for
demand. Commercial bills \$1.21 @ 4.25; 10-
month, \$1.20 @ 4.25.Bar silver closed at 74 1/2 per ounce;
Mexican dollars at 69 1/2.The depression which ruled on the New
York Stock Exchange Thursday was
reflected yesterday morning by a heaviness
in dealings which was felt throughout the
entire list, with one exception, New York
& New England, in which a strong buying
movement was developed on the strength
of a report that the company was about to
gain an entrance into New York City. Chicago
Gas, which led the downward move-
ment, was unfavorably affected by the an-
nouncement of the authorization of an
issue of \$10,000,000 of bonds by the People's
Gaslight and Coke Company. The pressure
to sell the stock of this company was
so great that the opening of the market
was made in the ring at 50 and
50 1/2 and immediately 1,200 shares were
sold before the quotations could be regu-
larly recorded, and within the first ten
minutes the price had dropped to 50 1/2,
a decline of 3/4 per cent, from Thursday
night's closing. The decline in this stock
had an effect to weaken the other indus-
trial, and the railway list sympathized to
no small extent. The situation was mar-
tially strengthened by reports that the
bank statement to be issued to-morrow
would be most favorable and would show
a large increase in cash, a good gain in re-
serve, which would mean that the banks
once more a surplus instead of a defi-
ciency. Reports that the cash
receipts of the banks from out of town ex-
ceeded the disbursements tended to add to the
feeling of confidence in the stability of the
money market and was a factor on the bull
side of the securities market. The lower
range of values brought in a play a large
number of orders to buy at certain stated fig-
ures, and the bull element entered into the
market again with vigor, the result being
that before noon prices began to mount
with even greater rapidity than they had
previously descended. It was a rising mar-
ket all the afternoon, and the closing was
business, and the great portion of the active
list closed at the highest figures
touched, the reactions, where they oc-
curred, being due to realizations by room
traders.Chicago Gas finally made a gain on the
day of 4 per cent. The tone of the specu-
lation at the close of the day was
bullish, and the closing was business.Railroad bonds, which were irregular
and unsettled early in the day in sympathy
with the share list, became strong in the
afternoon, and the sales made, which were
not very heavy, were generally at higher
figures. Government bonds were strong.
State bonds were inactive. Closing quotations.Four per cent. reg. 10-15 L. & N. 100 1/2

LOCAL GRAIN AND PRODUCE.

Another Good Day on the Wholesale Streets,
with Firm Prices Ruling.Like previous days of this week, on the
wholesale streets yesterday trade was
active. Sugars were weak, but unchanged,
the refiners failing to corner the market.
Coffee and canned goods are in strong po-
sition. The advance in hog products on
Thursday was in the nature of a surprise,
as for some time past they have been slow-
ly going lower. On Commission row prices
range much as for a week past. Stocks
have been considerably reduced. Apples
are very scarce, and the supply of lemons
has fallen off. Oranges are about the only
market and quotations are dropped.The local grain market was fairly active.
Wheat was weak and went off 1/4, while
several grades of corn advanced 1/4. Track
bills ruled as follows:Wheat—No. 2, red, 58 1/2; No. 3, red, 57 1/2;
recepted by sample, 40 1/2; wagon, 57 1/2.
